

Plans for the 5. JIM CLARK-REVIVAL are in full swing with great success

Dear friends of the JIM CLARK-REVIVAL,

Plans for the 5. International Historic Grand Prix, JIM CLARK-REVIVAL (The Original on Tour) are in full swing with great success. 13 international race series including the Historic Formula 2, FIA-Lurani, GTC-TC, Historic Formula V, ORWELL SuperSportsCup, etc. etc, as well as several automobile clubs have already confirmed their participation. The supporting programme for the JIM CLARK-REVIVAL from 15. – 17. May 2009 at the EuroSpeedway Lausitz is now ready and as usual – leaves nothing to be desired.

Besides the top-class historic motor sports on the track, the fans are offered their money's worth beyond the race track as well. The JIM CLARK-REVIVAL at the EuroSpeedway Lausitz presents various entertainments for each and every one's taste from the mornings till the evenings.

A tour with classic cars to the historic city of Dresden on Friday evening, a Welcome-Party on Saturday evening right in the middle of the drivers' paddock, traders and exhibitors of all kinds, a JCR Tourist through the Lausitz region as well as a Guinness World Record attempt "1. Ford Mustang Parade" on the race track – these are just a few of the many attractions which will take place. A very special highlight will be the large Jim Clark Memorial Parade – "Zeitzeugen des Motorsports" (contemporary witnesses of motor sports). This really exceptional presentation parade with maybe more than 100 race cars from all eras and race series will take place on the race circuit of the EuroSpeedway Lausitz in honour of the phenomenal racing driver, Jim Clark.

This remarkable and extensive programme makes it clear why the JIM CLARK-REVIVAL belongs to one of most popular historic motor sports event and is a MUST for every enthusiast of classic automobiles.

Attention: Classic car friends and automobile clubs

Classic car friends and automobile clubs will have the possibility this year as well at the EuroSpeedway Lausitz, to present their classic cars (even your modern exotic ones) free of charge on the especially reserved parking lot for classic cars and oldtimers beside the drivers' paddock for the race series. From Friday to Sunday, all cars which are parked here are cordially invited to participate in the guided presentations on the race track and hereby get a "whiff of the racing atmosphere".

Furthermore these cars will have the opportunity to participate in the touristic trip to the historic city of Dresden followed by a visit to the unique historic workshops, dealers, etc. of the "Zeitenströmung" which offers a deeper insight into the world of historic automobiles. The "JIM CLARK-REVIVAL Tourist Tour" through the region starts off on Saturday midday directly from the Classic Cars special parking lot.

Experience motor sports at first hand with your own oldtimer and let us relive the nostalgic days together. You will find the Classic Cars and Clubs registration form for your participation on our website under Programme – Classic Cars and Clubs www.jimclark-revival.com

I will be very happy to inform you all about the race series and automobile clubs which have confirmed their participation and our agenda for the JIM CLARK-REVIVAL at the JCR-Stand from 13. – 15. March during the Retro Classics at the fair grounds in Stuttgart. For more information, please look out for our next JCR-Newsletter.

With sporting regards

Ronny G. Bredhauer
