

## **JIM CLARK-REVIVAL on the road to success – keen interest at the Techno Classica**

Dear friends of the JIM CLARK-REVIVAL,

The 5. International Historic Grand Prix, JIM CLARK-REVIVAL (the Original on Tour) was represented at the 21. Techno Classica in Essen from 01. – 05. April. Even at our last most important trade fair appearance before the JIM CLARK-REVIVAL from 15. – 17. May 2009, we could again arouse undimmed interest in our event. As in the past trade fairs, we could hold pleasant discussions with visitors, fans, clubs, etc. The JCR-Supporting Programme as well as the participating race series were especially well-received and of interest for everybody.

At this point I would like to offer my sincere thanks to our cooperation partners Millers Oils and the AvD for their support – see jpg-photo links.

### **The JCR-loyalty bonus – “One man’s meat is another man’s poison”**

Although the relocation of the JIM CLARK-REVIVAL to the EuroSpeedway Lausitz signifies a long journey for several fans, but for the others from the region around Berlin, Prague, Dresden, Leipzig, Magdeburg, etc. this is at long last a welcome opportunity to participate in a weekend full of fair motorsports, a great classic and exotic meeting, interesting “fuel talks”, fantastic memories and unique historic gems of the past at close quarters.

This is the reason why the JIM CLARK-REVIVAL offers its loyal fans a very special “goodie” in 2009. Each person, who has taken the far journey of more than 500 km from his / her place of residence and has purchased a JCR-Ticket, will receive a free corresponding JCR-Ticket ! In order to calculate the number of kilometres driven, we will use an independent internet route finder. Just present the registration papers of your car that you have used to travel together with your valid ID Card.

## **Jim Clark Memorial Parade – „Zeitzeugen des Motorsports“**

In addition to the races of the famous participating race series, a further highlight will be offered at the JIM CLARK-REVIVAL this year:

the Jim Clark Memorial Parade – “Zeitzeugen des Motorsports”  
(contemporary witnesses of motorsports)

is a very special unprecedented presentation lap in honour of Jim Clark, who was also well-known for racing on pretty near everything on 4 wheels. More than 100 racing vehicles from all eras and race series will all drive together on the EuroSpeedway Lausitz race track. For this purpose we wish to call upon every race car owner to participate here with his race car (without any limits to years of construction). Let us all resurrect the memories of the nostalgia of the last automobile decades and the “Memorial of Jim Clark”.

You can find the relevant registration form on our website [www.jimclark-revival.com](http://www.jimclark-revival.com)  
The participation fees will be only 100,- Euro whereby even 2 JCR-Weekend-Tickets costing 70,- Euro are included in this price. All race drivers who are part of the participating race series of the JIM CLARK-REVIVAL will not have to separately register themselves – they are naturally automatically on board.

## **Classic Cars Area at the EuroSpeedway Lausitz**

Plans for the extensive classic cars area directly next to the drivers paddock of the EuroSpeedway are already in full swing. At this point I would like to invite once again all owners of oldtimers, classic and exotic cars (without any limits to years of construction) as well as all clubs and interested fans to present their cars and to take this opportunity to discuss not only matters concerning automobiles with like-minded people from all over Europe.

Besides the presentation of cars, lots of further actions such as the touristic trip through the Lausitz region (JIM CLARK-REVIVAL Tourist Tour), a round trip through the historic city of Dresden as well as the guided parades on the race track are scheduled on the programme from Friday to Sunday. As you can see – the JIM CLARK-REVIVAL this year lets the heart of each and every automobile lover beat higher.

You can have a look at the aerial view of the classic cars area on our website [www.jimclark-revival.com](http://www.jimclark-revival.com) - Classic Cars & Clubs and already prepare yourself mentally for a weekend of “pure automobiles”. Perfect camping options on the lavish area are also possible during the JIM CLARK-REVIVAL.
