

**The 5. International Historic Grand Prix, JIM CLARK-REVIVAL (the Original on Tour) was also successful at the EuroSpeedway Lausitz !**

Dear friends of the JIM CLARK-REVIVAL,

10 international race series could present themselves to a likewise international public and enthusiastically took the opportunity to carry out also in 2009, spectacular races on one of most modern race tracks of Europe although unfortunately the weather conditions on Saturday were not really that optimal.

Besides the well-known exciting race series, the JIM CLARK-REVIVAL could once again offer several more highlights in its 5. Edition:

The Jim Clark Memorial Parade which was held in honour of the 2-times Scottish Formula 1 World Champion on Saturday and Sunday was especially popular with the public. All race cars were invited to participate here – therefore one had the golden opportunity to see amongst many others “Trabis”, Ladas, Porsches, Nascars, Formula 1, Formula 2, Supersports, etc, etc. turn their rounds all together – a visual as well as an auditory highlight which has never been seen before in the whole world!

The classic cars tour to the “Postplatz” in the Dresden Old Town with a subsequent city walking tour on Friday evening also drew several visitors and was a perfect finish for the first race day.

The offer to experience the race track as a driver from a totally different perspective with one’s own car thrilled many hundreds of automobile lovers who had parked on the classic cars area behind the main grandstand.

Although the Guinness world record attempt with the longest parade of Mustangs on the race track could not be broken, all the same 42 interesting Ford Mustang vehicles (without any limit to years of construction) participated in this attempt however and enabled an exciting insight into the history of these traditional car models.

Visitors, guest and participants spoke out their high satisfaction in regards to the whole racing weekend – approx. 9400 visitors during the JIM CLARK-REVIVAL this weekend confirmed that a new location is also not a problem to experience fantastic and fair motorsports at a highest level, garnished with an extensive supporting programme. The organiser Ronny G. Bredhauer summed up that the 5. JIM CLARK-REVIVAL was also a thoroughly successful event all around at the EuroSpeedway Lausitz and thanks to the new location allowed for new inspirations and ideas which were enthusiastically accepted by everybody.

The concept and the idea behind this event to merge the world of historic and classic automobiles to come alive all together was also splendidly carried out at the modern motorsports facility of the EuroSpeedway Lausitz !

Already look forward to the year of 2010 and plan your visit to the 6. International Historic Grand Prix, JIM CLARK-REVIVAL (the Original on Tour) !

The race results, reports and photos of all participating race series can be found soon under [www.jimclark-revival.com](http://www.jimclark-revival.com).

With sporting regards

Ronny G. Bredhauer
